Show Synopsis:

A Pack of Thieves

The witty and cautionary tale of Robert and Jeff two middle-class suburbanites who figure they can use a little extra cash to improve their troubled lives. No problem. The two devise a 'foolproof' plan to steal a thoroughbred racehorse and hold it for ransom. Sounds easy right? With the help of Padre, an experienced criminal, and a pair of bumbling twins named Chip and Dale the group works through the mission. What can go wrong? Just about everything in *A Pack Of Thieves*.

NOTE: this show outlines criminal activity in great detail although done in a funny way the content of this show could be taken out of context by some viewers
